In order to expedite the assignment of your job to a staking engineer, complete the following:

___ Property owner to complete and sign the "Application for Work Order" with accurate Service Address (assigned by the county)

___ Pay the required Design Fee (Credit card payments are not accepted for New Construction) non-refundable \$400 for Residential and \$700 for Commercial.

After the on-site meeting, the staking engineer will draw your job, compute the construction estimate, and contact you.

(NOTE: The estimate you receive is good for 30 days.)

Job will be released to construction for scheduling after you complete the following:

___ Sign and notarize necessary easements and contracts

___ Pay construction estimate (credit card payments are not accepted)

___ Contact LPEA at (970) 247-5786 and ask to speak with the Line Superintendent, in Durango (La Plata County) or Pagosa Springs (Archuleta County), to coordinate scheduling for construction before you start trenching or clearing right-of-way. Be sure to reference your LPEA Work Order Number when you call.

___ Clear right-of-way as required.
