Interconnection/Net Metering
Certificate of Completion

Application ID#: _____

Completed System Information

Generator Owner: _____ LPEA Account #: _____

Generator Address: _____ PV Watts Annual Expected **kWh** Generation: _____

LPEA Meter #_____ LPEA Production Meter #: _____

Storage Manufacturer & Model: _____

Storage Nameplate Rating kW: _____ kWh: _____

Other Regulatory Approvals

*City of Durango requires a solar permit. *Durango Fire District must sign off on commercial & multi-family installations.

☐ **City/Town –**
   o **Permit Number:** _____

☐ **Fire District**
   o **Sign Off:** _____

☐ **County**

☐ **HOA**

_____ **Member's Initial**

System Owner & Installing Contractor Signatures

The system has been installed and all Equipment is UL1741 Listed and is in compliance with *IEEE Standard 1547-2018, Standard for Interconnection and Interoperability of Distributed Energy Resources; LPEA's Interconnection Standards;* and with applicable requirements of local electrical codes and the *National Electrical Code ®* (NEC).

I have read and agree to abide by LPEA's Interconnection Standards, thus, if this generation system causes the power quality to fall outside of LPEA parameters, LPEA has the right to disconnect my electrical service. I hereby certify that the information provided in this Certificate of Completion is true and accurate.

LPEA Final Inspection

Upon completion and receival of the below documents, LPEA will schedule its final inspection within ten business days. Installers may be required to be onsite during the final inspection. The system must pass LPEA's final inspection before parallel operation with LPEA's electrical distribution system will be allowed.

- Certificate of Completion
- Signed State Electrical Permit
- Inverter Settings set to LPEA standards
- Proper installation of Production Meter (Requested through renewables@lpea.coop)

LPEA Approval

Energizing the generator referenced above is approved and satisfies applicable LPEA Interconnection Standards. LPEA does not guarantee or warrant the performance of any generator.
