## Energy Efficiency Credits

### ☀ HEAT PUMPS ☀

Receive money back for installing permanent, electric heating.

#### AIR SOURCE HEAT PUMPS

##### Credits:

- \$350/ton for units rated from 15 to 17 Seer
- \$500/ton for units greater than 17 Seer
- \$100/unit additional incentive for central air source with integrated controlled ETS backup in lieu of a separate ETS incentive
- \$135/unit for terminal units (through-the-wall mounted heat pumps)

##### Eligibility Requirements:

- Minimum 15 Seer
- Minimum equipment size is 1 ton (12,000 Btuh)
- Energy Star® rating not required

#### CENTRAL GROUND SOURCE HEAT PUMPS

##### Credits:

- \$550/ton new installations
- \$300/ton existing unit replacement

##### Eligibility Requirements:

- Minimum 3/4 ton (9,000 Btuh)
- Energy Star® rating not required

#### HEAT PUMP WATER HEATERS

##### Credits:

- \$350/unit

##### Eligibility Requirements:

- 30 gallon minimum

*LPEA recommends that customers request a walk-through energy assessment on homes where electricity is the primary heating system.*

**TRI-STATE**  
Generation and Transmission  
Association, Inc.

LPEA and its power supplier Tri-State Generation and Transmission will pay credits to their consumers for the aforementioned electric heating systems, and energy efficient products and programs. All credit must be requested within 120 days of installation. For detailed information go to: [http://www.lpea.coop/programs\\_services/efficiencycredits.htm](http://www.lpea.coop/programs_services/efficiencycredits.htm). Contact LPEA for more information at 970.247.5786
